

Five Reasons For Using Performance Indicators

1. Management Assessment - Is EWP meeting its objectives and goals? Is there clear evidence of the application of the elements of EWP? Is it paying for itself? (Fernald experienced an 11 to 1 payback on resources expended on EWP)
2. Defensible Measurement of Success and Accomplishment - "Nothing succeeds like Success" Meaningful PIs can prove that the EWP program is accomplishing its goals.
3. Self-Assessment - How well are our "enhanced" processes meeting their goals? Are they truly safer, better, faster, and/or cheaper?
4. Continuous Improvement - What are the weaknesses, trends, efficiencies, and opportunities for improvement?
5. Show Integration into other Site/Complex goals and/or initiatives - EWP PIs should support other PIs used to measure the Site's performance such as an ISMS."
